

KUNAL PATEL

BASIC INFORMATION

pkunal22@gmail.com, 226-220-6159

Website: pkunal10.github.io

OBJECTIVE

I have more than 3 years of experience in web development especially in .NET technologies. I always look for new opportunities and challenges to improve my skills.

SUMMARY OF SKILLS

- C#
- ASP.NET Core
- ASP.NET (MVC)
- Vue.js
- MSSQL
- Cloud Computing: Microsoft Azure
- Web Design (HTML 5, CSS, Bootstrap, JavaScript, jQuery)
- Problem Solving

WORK EXPERIENCE

.NET Developer

April 2020 - Present

GHD Digital | Waterloo, Canada

- Working in an Agile Environment using tools like JIRA and GIT version control to develop projects.
- Working with ASP.NET C# for back-end tasks and JavaScript, and jQuery for front-end tasks.
- Working with different Microsoft Azure services like Azure Web Apps, Azure Functions, Azure Storage, and APIM.
- Working with .NET Core and Vue.js for Single Page Application (SPA).
- Using XSLT code to generate HTML from XML data.
- Using MSSQL with Entity Framework for doing database related operations.
- Working with a great team to make secured websites that pass all accessibility checks and WCAG guidelines.

Junior ASP.NET Developer

June 2017 - June 2018

RK Websoft Technology Pvt. Ltd. | Gujarat, India

- Used Agile methodology to build all web applications.
- Worked with a team of IT professionals to develop proprietary, secure Web-applications.
- Worked with ASP.NET (MVC) for writing back-end code, AngularJs to write front-end code, and LINQ to write database queries.
- Used Entity Framework, Code First Migration, PMC (Package Manager Console Commands) to perform all database-related tasks.
